

VOLUNTEER RECRUITMENT – CHILD AND YOUTH MEMBERS

BACKGROUND

In the spring of 2020, eight (8) Founding Youth Members were invited to take part in the PEI Children & Youth Table upon recommendation of then adult members and fellow youth. As the group has evolved to become the Child and Youth Advisory Committee of the PEI Office of the Child and Youth Advocate, there is now an open and targeted recruitment call to fill multiple vacant positions from retiring full term Members, joining additional child and youth members who began their service in the spring of 2021.

QUALITIES

Child and Youth Members will have an understanding and ability to address the serious topics of the Child and Youth Advisory Committee of the PEI Office of the Child and Youth Advocate, seeing topics through the lens of youth's own experiences, having empathy for other children and youth. Having a passion for the rights of children and youth, a willingness to be a voice for others, to seek others' input, is what is most important. Child and Youth Members will be within the age range of reviewable service for the PEI *Child and Youth Advocate Act* at the time they begin their term.

For this 2022 recruitment, priority will be given to child and youth volunteer candidates who have direct personal experience with, or identify as:

- Children in care;
- Indigenous – off Reserve residents;
- Cultural, racial and/or ethnic diversity;
- Newcomers; and/or
- Living with a physical disability and/or adaptations.

To balance the perspectives, experiences, and networks of the membership, a matrix model is utilized for recruiting. Experiences with a diversity of the following elements of life is valued:

- Adoption Services;
- Child Protection Services;
- Early Childhood Development and Child Care;
- Educational Programs and Services;
- Health, Mental Health and Addiction Services;
- Justice Services;
- Social Assistance programs and services;
- Other community organizations with government funded reviewable programs and services provided to children, youth and their families.

Empathy for others, having a constituency mind-set, helps inform advisory work. As such, our matrix model overall takes into consideration:

- Geographic location in PEI;
- Cultural, racial, ethnic, and gender diversity;
- (Sub)cultural affiliations;
- Indigenous identity;
- 2+LGBTQIA identity;
- Previous places of residence, including immigration experiences;
- Economic stability;
- Age;
- Gender;
- Physical disability or limitations; and/or
- Diagnosed mental health and/or learning adaptations.
